

» Currency Exchange Rate Automator

A custom Yardi Add-on by Gelbgroup Consulting

Exchange rates? No problem.

Currency Exchange Rate Automator is a custom module that downloads exchange rates from the Online Trading and FX for Business website, OANDA.com and automatically maintains the currency exchange rates in Yardi.

Take out the margin of error.

- Easy setup and maintenance
- Integration with multiple providers
- Download and update exchange rates for multiple currencies
- Automated or on demand: Schedule the service according to the desired frequency – or run it adhoc.
- Easy deployment

Changing rates won't change you up.

Schedule the Exchange Rate Automator to automatically download the most current rates and eliminate the room for error in manual entry. Update more rates more often in Yardi Voyager. Because now it's easy.

Innovative.
Effective.
World-class.

We take you beyond
the buildings and into
the cloud.

Our Real Estate Consulting services provide you the valuable insights and data that guide your business decisions to a winning strategy. Find out how we can help you achieve your vision for your Real Estate business.
