

Wells Fargo Payment Manager® Integration

A custom Yardi Add-on by Gelbgroup Consulting.

Simplify. Integrate.

Wells Fargo, one of the largest banks in the U.S., offers Wells Fargo Payment Manager® as a service that transforms your payables into instructions that automatically initiate your payments in the formats you require—electronic or paper, domestic or foreign.

Using the Wells Fargo Payment Manager® module developed by Gelbgroup, integration with payment processors is simple.

Streamline your payments.

This Yardi add-on creates the payment file which is automatically transmitted to Wells Fargo for paying vendors, tenants, and owners. The module supports a variety of payments including check, EFT, or credit card.

Work more efficiently.

Automatically transmit a file from Yardi Voyager to Wells Fargo Payment Manager® for payments to be issued.

Let this timesaving Gelbgroup add-on handle the file integration and do the heavy lifting for you!
